

22nd April

Dear Parents,

I hope everyone had a fantastic break. This term our topic is dinosaurs. I have attached a topic plan. We will learn sounds s,a,t,i,p,m,n and count up to and recognise numbers 1 to 10 and much more.

We will also be promoting the 'walking and wheeling' week, 20<sup>th</sup> - 24<sup>th</sup> May and talking about the importance of exercise and looking after our bodies.

Throughout the summer term Angela will be devising garden activities. The children will have the chance to grow sunflowers, tomatoes and flowers in the garden and Angela will be explaining how to grow and take care of plants, helping the children to measure them and creating plant labels.

I would be grateful if you could let me know which school your child will be going to in September. For those children who have another year with us please let me know if you would like extra hours for September so that I can book these in.

I have also included a copy of next year's term dates for those children who will be at Robins.

This term I would be very grateful if children don't bring in any toys as we are finding they are getting misplaced. However, if they have any toys that are to do with dinosaurs they can bring these in to show at group time.

I would also like to remind everyone that we provide drinks at lunchtime so you do not need to send these in. We are promoting healthy eating so no crisps or chocolate please and we are a nut free nursery.

If you have any questions or queries please do ask me.

Best wishes

Abi Cousins

Robins Nursery
