

3 June 2019

Dear Parents,

I hope everyone had a fantastic half term. This term our topic is growing, focussing on Jack and the Beanstalk. I have attached a topic plan. We will continue learning sounds, counting and recognising numbers 1 to 10 and much more.

As usual we are putting on an end of year show with the children and I hope you can all join us.

End of year show - Jack and the Beanstalk

Friday 19th July

1.30 pm start

All Saints Church hall and afterwards in the Robins garden

Everyone welcome

All the children will be learning the songs and actions for the show. If they are not booked in for a Friday afternoon please drop them at Robins at 1.15.

Throughout this term Angela will be devising garden activities. The children will have the chance to grow beans, sunflowers, tomatoes and flowers in the garden and Angela will be explaining how to grow and take care of plants, helping the children to measure them and creating plant labels.

This term I would be very grateful if children don't bring in any toys as they are getting misplaced. However, if they have any toys that are to do with our topic they can bring these in to show at group time.

Just a reminder that as the weather is getting warmer please can you apply sun cream to your child before they begin their session at nursery and please can they bring in a sun hat. For the children who are in all day please can you also put sun cream in their bag.

If you have any questions or queries please do ask me.

Best wishes,

Abi Cousins

Robins Nursery
